

Nativity, 2007

Dear parishioners:

Christmas is at all times a very special feast and source of joy. It is a time where a mysterious star shines guiding us to a Savior-Child.

Every one has a special star. That unique star is your unique way to meet the Lord God on Christmas night. It carries you to the place where heaven and earth embrace, and to the time when God and mankind congregate. What is your star that guides you to the Lord? It is what leads you, now and around you, to meet the Lord. Find it, give it a name, and follow it. Jesus is waiting for you in the manger. May this Christmas be for you an unforgettable night!

Merry Christmas and Happy New Year!
